5 REASONS TO JOIN GT-1 AUSTRALIA?

- 1** GT-1 was created to cater for non-professional drivers with sports cars who want to race against other non-professional drivers.
- 2** GT-1 is only for non-professional drivers. The racing is very close, and we are all driving at around the same level.
- 3** We keep the entry process SIMPLE.
- 4** The drivers mostly own their cars and know the cost of repairs. We give each other respect and we look to avoid any contact. Yes, it's close racing and there's the occasional rub ... but no big dives and no tap and runs.
- 5** We understand that we are racing for fun. Yes, there are nice trophies and if you win one then you know that you deserve it
